THE PRESIDENT'S MESSAGE

I am writing this President's Letter just before Thanksgiving. I just returned home from the first Maryland Token and Medal Society meeting in two years thanks to the COVID pandemic. It was truly great to see so many folks from our club back in action. Something in our hobby world to be very thankful for indeed.

We had good attendance, we got to present our 2019 and 2020 Literary and membership awards, had a good auction and a very strong and interesting "show & tell" session. We had our annual election and we welcomed a new member to our group of officers, our new Secretary, Leonard "Lenny" Cicero. Welcome aboard Len and thanks so much for taking on the very important role vacated recently by Bryce Doxzon, who had to step down due to health issues. Thanks too to Bryce for all he did for our organization. Thanks too to our other officers and directors who were reelected. Thanks for all have done for MD TAMS. This same kudo goes out to our outstanding Journal Editor, Jane Sears. Remember, she always needs new material for the Journal. Please do your part.

On a very important note, your yearly MD TAMS dues are due by 31 March 2022 for the upcoming dues year. When you send in your dues checks, please note and use our new MD TAMS post office box. The new address can be found in several places in this Journal.

Our next meeting will be at the next Whitman Coin Show to be held at the Baltimore Convention Center on Saturday 2 April 2022. We hope to see even more of our members at that meeting. We also plan to schedule our next Swap Meet for the Spring of 2022, date forthcoming. We hope to be back at the Grace United Methodist Church as usual for that event.

Stay safe and healthy and try to recruit some new members for our hobby organization. Have a Merry Christmas and a very Happy New Year. Hope to see you soon.

Ed Craig, President MD TAMS

FROM YOUR EDITOR

Hello Fellow Members

We finally had our first meeting since Covid 19 caused our world to come to a standstill. To think it was last February 2020. It was great to see those who we haven't seen in a while. We had our business meeting (old and new business), awards given out (those were mentioned in a previous journal), the election of officers that was scheduled for last year, show and tell, door prizes and then our auction.

As always my famous words are always "I need more articles" Please help your editor with articles. This is your journal not mine. I am only the captain of this journal ship not the crew.

With Bryce stepping down as our secretary we have a new secretary. Lenny Cicero has taken on the position. Lenny's phone is 410-665-5372 and his email address is leonardjicero@gmail.com if you have to reach him. I would like to thank him for filling in the position.

May all of you have a safe and a Happy Holiday Season. If you change either our snail or email address please let me know.

Hang on ! Here we go with the Omicron variant. Please keep safe.

An Early Oyster Packer Token from Crisfield

It's always nice to identify a new, unlisted token. Not too long ago a friend who knows how much I enjoy researching mavericks gave me a token that he had purchased in a large collection.

C.C. Gardner // (reverse same as obverse), r, br, 24mm, holed as made

The token looked to be early, & the style of the letters were similar to tokens made by Dorman of Baltimore. A quick look on Google yielded immediate results. A search of “C.C. Gardner” + “oysters” came up with the findagrave.com website and a listing for Charles C. Gardner. A native of New York State, he came to Crisfield, MD soon after the Civil War when the town had only about a hundred inhabitants. The short biography called Gardner “one of the Pioneer packers of this town”. Gardner moved to Shady Side, VA in 1885 & died there in 1905. (The website quoted the obituary in the Crisfield newspaper from 1905).

Gardner was listed in the 1871 edition of The State Gazette & Merchants & Farmers Directory for Maryland & the District of Columbia along with 3 other oyster packers (A.R. Crockett, N. Dixon, T.H. Goodsell) from Crisfield. He was also listed in the 1884 Delaware, Maryland & West Virginia Business Directory.

There are 2 known tokens, both found in Maryland, one in a collection from Worcester County & one from Baltimore, so the attribution is solid. As soon as the token was identified it was given back to the person who had given it to me. It is another candidate for the Eastern Shore’s earliest token.

The name of White Coffee Pot restaurants dates back to 1929 and 1931 in Baltimore. Owned by the Annenberg family (in PA) the lunchrooms were located at 304 w Franklin, 1423 n Charles St. and 2503 Pennsylvania Ave. These businesses were failing in revenue and the family decided to sell to Myles Katz. Myles left his parents business and worked for a collection agency. One day he saw an ad in a Washington newspaper for the sale of 3 restaurants in Baltimore. (White Arrow Coffee Pot) He purchased the 3 lunchrooms in 1931. In one years time the lunchrooms/restaurants was a success. The cost of these restaurants was free to Myles as long as he would pay the existing creditors. Myles kept the name of the restaurants “**WHITE COFFEE POT**”.

Myles Katz came from a family that was in the restaurant business. His father did run a saloon in 1908 to 1912 at 967 Druid Hill Ave, 1913 to 1915 at 36 s Pratt St and then 1917 at 406 n Conway. His father Hyman Katz and mother Nettie owned the “Superior Restaurant” at 306 w Camden St. from 1921 to 1928. Myles’s obituary stated that his parents operated their restaurant before WWI. Researching Baltimore City Directories they were listed from 1921 to 1928. The saloon was earlier.

WAITRESS at once. SUPERIOR RESTAURANT. 306 W. Camden st., opposite Camden Station.

May 6, 1924 The Baltimore Sun

Remember this information from these directories was collected the year before publication. Not like today's methods of gathering information. There were people who went out and got the information and then those who catalogued the information for alphabetical listing, subject occupations and sometimes by address. Then they would be typeset, printed, bound and then sold to companies.

Myles and his brothers Jerome, Arthur and Edwin had worked together with their parents in the restaurant. Their parents business failed in 1930 due to the great depression. The brother continued with the White Coffee Pot restaurants.

Jerome 1912 -1964

Edwin 1918-1971

From 1931 to the closing of the chain in 1993 they owned 33 locations in Baltimore. It was the largest family owned restaurant chain in Maryland. Myles obituary stated he owned 52 restaurants at the time of his death. In the late 1930s, they were the first restaurants in the United States to install air conditioning to their restaurants. The restaurants were open 24 Hours daily and seven days a week. Their main office was located at Monroe & Edmonson Sts. The company was incorporated in Maryland.

"Maryland Merchant Tokens – MD TAMS – David E. Schenkman 1986"

Conrad F. Grieb ran the Grieb's Café from 1917 to 1920 which was located at 2400 Woodbrook Ave and his home was at

2402. At the age 15 he came to the United States by himself in 1887. In a Nov. 1918 newspaper the Baltimore Liquor board received applications from 60 restaurants, cafes, dining rooms and saloons to serve women in their establishments. Only 30 were allowed to do that and Grieb's Café was one of them. He ran other saloons at different locations after that.

This token is also listed in the tokenatog.com.

Shortly thereafter he went out of business. James Rytina operated a pool parlor saloon at 1920 Fairmount Ave. from 1904 to 1911. He was a saloon keeper and prize fight promoter with his barroom & pool tournament parlor. From 1913 to 1918 he operated James Rytina's New Electric Parlor at 932 N. Broadway near Eager St. In 1920 he is listed selling soft drinks at 1900 E. Fayette. The James Rytina Motor Co. only lasted from 1925 to 1926.

Oscar Budlow the first owner proprietor gave the store its name. Inspired by the blue eagle that represented the NRA (National Recovery Act). That emblem represent the New Deal program. Mr. Budlow decorated the bar and said he operated the bar for 15 years. That would be about 1926 when he started it. The Eagle Tavern is gone now but it was located at 301 W. Mosher St. near Linden Avenue. The restaurant tavern was a popular place for the out of town visitors, judges, dentists, politicians, doctors, lawyers, merchants and even big league ball players. F. Scott Fitzgerald, the famous writer hung out at the Eagle when he lived in Baltimore.

NRA eagle

Ben Adler whose name in German means “eagle” took over the business in 1941. Tavern customers labeled him the “abu Ben Adler, the eagle’s sheik.” Adler divided the established into two parts. A dining room with music for the younger set and a circular bar room for the talkers and drinkers. Jazz was enjoyed by the patrons. The fun loving Baltimoreans nicknamed the tavern as “the Iggle - the Iggle where it’s Liggie.” I don’t know what it means! Finally closing in 1963.

ROBBERY

E. S. WILLIS

by Jane Sears LM12

Showed Her Cartridges
When Miss Margaret Gassaway, 27, Negro, alone behind the counter of an ice-cream parlor in the 2100 block West Pratt street, was confronted with similar circumstances, she said:
"That's not a real gun; that's a toy. You can't scare me."
The bandit then held the pistol a little closer to her, opened the mechanism and showed her the cartridges. "Now show me where the real money is," he said.
He got away with about \$100, Miss Gassaway reported.

I have found no directory or census listing for E. S. Willis but I did find a newspaper article on August 3, 1946. The article was about a robbery that was reported at Ice Cream Store that was managed by E. S. Willis and it was located at 2100 block West Pratt St.

Neighbors first notified police of the holdup. Miss Gassaway told them she had orders not to call for police help. E. S. Willis, manager of the store, verified this, police said.
"The publicity's not worth it," Mr. Willis is said to have explained.

HOOPER'S CRAB HOUSE TOKEN

Ed Craig LM-22

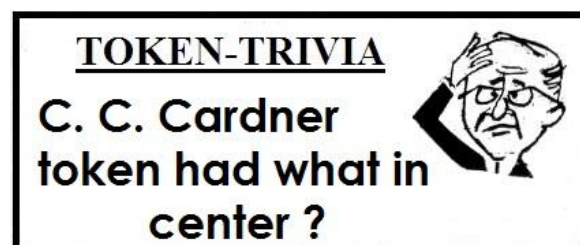

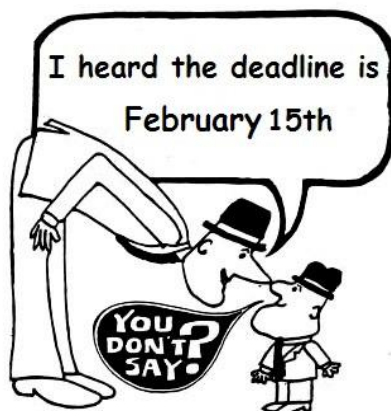

When you drive to Ocean City, Maryland via US Route 50, just before you hit the Route 50 bridge, you will see a large building on your left. It sits on the water at the edge of Sinnepuxent, Bay. This is Hooper's Crab House.

For 35 years, Hooper's has been serving great food to Ocean City visitors and locals alike. If you go there, you can get their great blue crabs. They also have other Eastern Shore seafood specialties. It is a family owned business that is very popular during the summer season. Their food is worth a visit. They use tokens in their business. The tokens below are two types in use. A while back, these tokens were given to my niece and her husband who were on their honeymoon at the beach and went to Hooper's. Management gave the tokens to them to help them celebrate. One token is for a free drink. I believe the other is too but for a generic alcoholic beverage vice a top shelf drink.

A few years back, MSNA had a coin show at the Ocean City Convention Center. After several days of work on the show, they treated the show workers to dinner at Hooper's on Sunday night after the show closed. A great time was had by all and the food was very good.

END OF AN ERA IN AFGHANISTAN

by Tracy Ibberson

AAFES began issuing the cardboard coins at exchange stores in Afghanistan in November 2001, saying at the time that pogs are lighter than metal coins and cheaper to ship overseas. At first, pogs were intended to be temporary and simply carried information saying how much they were worth. Over the years the look of the Pogs changes from series to series ..

The end of the pog in Afghanistan comes as U.S. and coalition troops continue to withdraw after nearly 20 years of war. These AAFES POGS have become very collectible throughout the Military and Numismatic communities as well. The Pogs are still being used in other contingency areas. They are very hard to acquire and prices have risen on Ebay for those that are looking to put together a set. 16 different printings consisting of 43 sets, 533 different Pogs make up the entire collection.

From Elvis Pogs, Nascar, Military Equipment, to different service members supporting our Armed forces. Get yours today before they are gone. One of our own club members has over 7500 Pogs. U can reach him for questions or potential purchase at 410-459-8719 or armysgti@yahoo.com. Good Luck Collecting !!!

A research site available

When I research a token or a medal I try to use directories, newspapers and genealogical material. The Library of Congress has under their books/ printed material a collection of U. S .Telephone Directories. In Maryland there are many counties and cities listed for use. Each directory has an alphabetical section and a classified section. It takes a little bit of practice to figure out how to get where you want to be. They list all the pages and you have to pick a page and go from there to a new page. Could be 10 or 30 pages away. It is great with the tokens that fall between the 1930s to the 1980s. It takes a little practice but the reward is great. Good luck in your research.

HARBORSIDE BAR AND GRILL---OCEAN CITY, MD

Ed Craig LM-22

The Harborside Bar and Grill is located in West Ocean City, Maryland at 12841 Harbor Road. This is the location where the now famous "Orange Crush" was born. In the fall of 1995, the restaurant owners were looking to create a new drink. They combined juice from fresh squeezed oranges, vodka, Sprite and triple sec. This was the beginning of a crush craze on the Maryland and Delaware shore. Beside the original Orange Crush, Harborside now offers about ten different crush drinks. Hannah Carroll, writer for the Beachcomber weekly newspaper noted that "once, Harborside was a favorite watering hole for Ocean City locals. Fisherman gathered there to tell tales of the trophies they caught or the one that got away. That is until the Orange Crush happened. Suddenly, fish was no longer the main conversation at the rustic waterfront bar Harborside Bar and Grill was on the map, and in a big way." Now folks sit and watch the boats while drinking the now famous orange summer drink.

Several years back, when the Baltimore Orioles were competing in the American League, first baseman Chris Davis was referred to as the "Orange Crush". I am sure Harborside did not mind as it focused even more attention on their premier drink offering. Let's hope both the O's and Chris Davis make a comeback soon. Regardless, if you get a chance, go to Harborside and get one of their great offerings.

For more information about Harborside, go to their web site: www.weocharborside.com

They have a token at Harborside. It is round, orange plastic, 42mm in size with blue writing as follows:
